

SOIL SURVEY LEGEND FOR FRANKLIN COUNTY AREA AND PART OF SOMERSET COUNTY, MAINE

This legend is a listing of all soil map units mapped in the county. In the left-hand column are the numerical soil symbols as they appear on the soil survey field maps. When the soil survey is published as the Soil Survey Report for Franklin County, the symbols on the maps and legend will both be alphabetical.

Symbols beginning with the number 2 are order 2 soil survey areas. Symbols beginning with the number 3 are order 3 soil survey areas. For example, 240B is an order 2 map unit and 339B is an order 3 map unit. In the published report, the alphabetical legend will include lower case letters for order 2 survey areas and upper case letters only for order 3 survey areas. The last letter in the symbol usually indicates the slopes of the map unit.
